Location: Gouz A-Salam IDP Camp, Kosti, White Nile State, Sudan

Contact: Selma Elbashier | Email: Selma.Elbashier@sama-sd.org

Context

The Sudanese American Medical Association (SAMA) is currently implementing a feeding program in Gouz A-Salam IDP Camp, near Kosti, White Nile State. The program supports families displaced by the ongoing war by providing access to nutritious daily meals.

As part of our monitoring and evaluation (M&E) efforts, SAMA is recruiting data collectors to assist with collecting feedback from program beneficiaries. This will help assess the program's impact and identify areas for improvement.

Location

This M&E activity will be conducted in Gouz A-Salam camp, located approximately 40 mins from Kosti city, White Nile State.

Role & Expectations

Data collectors will conduct questionnaire-based interviews with IDP households to gather feedback on their experiences with the food assistance program.

- **Date of Field Visit:** Sunday, August 10, 2025
- **Time:** 10:00 AM – 4:00 PM (Sudan Time)

Data collectors are expected to follow field protocols and ensure the collection of ethical and respectful data.

Training Provided

All selected data collectors will receive training that includes:

- Introduction to Monitoring & Evaluation (M&E)
- How to Collect and Record Feedback Ethically
- Overview of the Questionnaire and Field Protocols

Training Date: Thursday, August 7, 2025, at 4:00 PM (Sudan Time)

Who We're Looking For

- Data collectors interested in public service or humanitarian work
- Preferably with field experience or prior involvement in data collection
- Must have internet access or ability to connect through a Starlink hotspot

Meals and Transportation

- Meals and Transportation are covered by SAMA

Data Ownership

All data collected is the property of SAMA and will be used solely for program evaluation. Data collectors must adhere to confidentiality and ethical standards and are not permitted to use data for personal purposes.
